

# 99 Ranch Market

32888 Pierce Street, Richmond, CA 94804

## Equipment Installed

4 Freezer door closers

9 Cooler door closers

Victor Angel, employee of 99 Ranch, noticed first-hand the energy being lost when freezer and cooler doors took a long time to close. With the help of the SmartLights program, 99 Ranch now has 13 door closers on both their walk-in cooler and freezer doors to prevent energy loss through open doors.

Victor reported that the contractor was easy to work with, prompt, and that he’s glad his store will be saving energy –and money—thanks to the SmartLights program.

## Project Results

- Prompt closure of cooler and freezer doors
- Eliminates energy used to maintain cooler temperature
- Reduced energy waste

“The crew was very good – our cooler doors close much faster now!”

-Victor Angel
