

# Society of St Vincent de Paul of Contra Costa County

2210 Gladstone Dr, Pittsburg, 94565

## Lamps Installed

HVAC – ADEC and CO2 sensor

9W A19

10W 2' T8, 18W 4' T8

15W T8 High Bay

36,40,68, 115W LED Outdoor lighting

Melanie Anguay, Executive Director of the Society of St Vincent de Paul, says that the recent SmartLights retrofit was exactly what their building needed.

All of the lights in the office interior, exterior, clinic rooms, dining room and thrift store warehouse were replaced, and Melanie says the project is a huge improvement. Medical staff can now examine patients in bright lighting, and strong exterior lights create a safe environment for the many community members using the nonprofit’s services.

Melanie appreciated the customer service from the contractors and project managers who took the time to explain the work being done and ensure that the retrofits met the organization’s needs: “SmartLights went above and beyond.”

Staff members in the now brightly lit canned goods storeroom

## Project Results

Reduced KW **6.61**

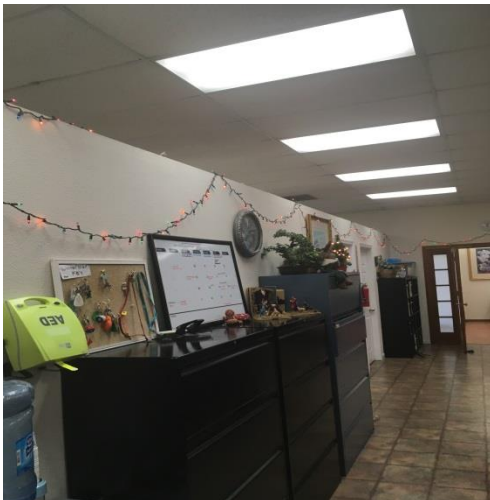

Reduced KWh/year **28,850**

Reduced CO<sub>2</sub> **15,636 lbs**

“There are so few companies that provide this type of service – SmartLights went above and beyond.”
